

LEADERSHIP TEAM CORPORATE ROLE

The Corporate Role of the Leadership Team

The Team will provide leadership that encourages everyone in the Govan High community to achieve their full potential in a school where learning and teaching is of the highest quality. This leadership will promote positive relationships, encourage creativity and risk taking and set high expectations.

In day-to-day contact with all pupils, parents, staff and visitors to the school, the Leadership Team, both as a group and individuals, will be courteous, supportive, fair and will encourage open communication.

The Leadership Team will endeavour to assist all members of the school community in meeting whatever challenges they face in delivering our aim of achieving our full potential.
